Extra Gold Offer—\$200.00 IN GOLD AWARDED DURING CONTEST

Daily Bulletin-Public Ledger great popularity combination contest started Monday with a large list of contestants for the two districts and today it has almost reached the five hundred mark. The list will undoubtedly grow from day to day with a steady increase of votes for those who have resolved to win one of the fourteen prizes offered by the Daily Bulletin and Public Ledger. Readers of the papers and friends of the candidates can help their favorite by very little trouble on their part. To cut the coupons from the Daily Bulletin and Public Ledger is a small thing but they may be the means by which some young lady will win one of the five passenger automobiles or one of the many other valuable prizes.

Contestants should remember one thing, in each district will be given one automobile, one \$100 Victrola, one \$50 diamond ring and four other gold prizes aggregating \$100 in Gold. Contestants can take subscriptions in any part of the United States. The districts are only for the equal distribution of prizes. The five passenger touring cars will go to the most popular ladies who receive the largest number of votes in each district.

Votes Free to Patrons
Votes will decide who will become the proud possessor of one of these magnificent prizes and free to the Daily Bulletin-Public Ledger patrons. All that is required of the candidates is industry, a large number of friends and acquaintances. Subscribers can vote by clipping the coupon and nomination blanks from the papers daily, as each of these count, if sent to the contest manager before the expiration date printed thereon. People subscribing and paying their subscriptions also old subscribers paying arrears or prepaying, their subscriptions will receive a special vote coupon which can be voted any time during the contest.

Therefore, any person who wants to encourage an ambitious young lady can do so by paying or prepaying his subscription to either the Daily Bulletin or Public Ledger and give her the special vote coupon. Votes will be allowed and credited to candidates selected by the parties according to the schedule published daily in the Daily Bulletin and Public Ledger Campaign Office in Maysville or with any authorized representative of these

papers. Candidates may also solicit and collect subscriptions, in all cases giving the subscriber a receipt authorized by both papers for this purpose.

Nominations
The contest will be a short and sharp one. It is just started but in less than seven weeks it will be over and the prizes gained. No contestant in either district has any great number of votes and there is plenty of time for new contestants to enter the race and have the same chance to win as those already on the first. If you should wish to enter the contest and share in the many good prizes that will be awarded, or should desire to see a friend, relative, or acquaintance in the list of candidates and no nomination has been entered, you should take steps to see that such nomination is placed at once. If you are at all interested, write, call or telephone the contest manager, he will be pleased to give you prompt attention and answer all inquiries.

If there is anything concerning the contest that you do not understand write to campaign headquarters. As stated in previous announcements there will be a short writeup in the paper each day from now on to the close of the contest and those interested can keep in close touch with the contest and candidates. Certain it is that fourteen ladies from Maysville and surrounding counties are going to receive one each of these magnificent rewards and it is left to the readers of the Daily Bulletin and Public Ledger to decide.

How Territory is Divided
District No. 1 will include the territory in the City of Maysville including the entire six wards.

District No. 2 covers all towns in Mason county and the territory outside of the county in the state. Persons living in one district are not confined to voting for ladies in their own particular district but may vote for anybody in the race. This affords the young women in Maysville and surrounding counties an excellent opportunity to receive one of these valuable presents at the expense of the Daily Bulletin and Public Ledger.

Instructions for Voting
Enter the name of the lady for whom you wish to secure one of these magnificent rewards in this contest at once. She may win an automobile, \$100 Victrola, \$50 diamond ring or one of the gold prizes. Better still, get the lady to enter her name and then vote for her. Those who get in on the start have the best chance of

winning so it is desirable the name be entered at once in order to get a good start. Candidates who enter this contest do not necessarily have to be subscribers of either the Daily Bulletin or Public Ledger. Enter your name and your friends will do the rest. You will be surprised to see how rapidly the votes will come in and what little effort is necessary to win one of the rewards offered, get in at the start, and encourage your friends to vote for you, the rest will be easy. You will never know how popular you are until you enter a contest of this kind.

Write for Information
If you do not fully understand the proposition or if there is any information you desire about the details write to or call on the contest manager. He will take pleasure in giving you the data you desire, and if you will file the nomination of yourself or some friend he will send the candidate the necessary blanks and forms with which to conduct the canvass for free votes.

COUNCILMAN L. N. FOSTER OF THE FOURTH WARD RESIGNS

Councilman L. N. Foster of the Fourth Ward, handed in his resignation to Mayor Lee Thursday afternoon. The resignation is to go into effect at the monthly meeting of council Monday evening. Mr. Foster since being a member of the council, has held several important positions and at the present time is Chairman of the Internal Improvement Committee and member of several other committees. Ill health is the reason given by Mr. Foster for his resignation. The name of Mr. John Short has been mentioned as the successor to Mr. Foster and his selection would meet with general approval.

LADIES' DAY TODAY

Today is Ladies' Day at the League Park and all the fair sex will be admitted to the grounds free of charge with only the small sum of ten cents for admittance to the grand stand. All fair sex should be at the game as the local aggregation are in the midst of a winning streak and the ladies will do much towards helping them to continue to win. Singleton will probably be on the mound for the locals, while Myers will occupy the hump for Ironton. This game promises to be a hot one as the teams are of about equal strength and are neck and neck in the race.

RELIC OF BY-GONE DAYS

Master Milton Russell is the proud owner of a bicycle that is over sixty years of age. The vehicle is about as odd a looking contrivance as is to be found anywhere. The motive power is applied to the front wheel, making

it a pulling instead of a pushing piece of machinery as the present day bicycle. Another feature of the old wheel is that the wheels are of wood with a steel tire on them and it has wooden pedals. Although heavy and cumbersome looking Milt says the old

thing is much easier to run than one of the latest models. When Master Russell rides the queer looking thing through the streets of the city many of the older inhabitants turn their heads to look at a thing that brings back to them the memories of youth.

Customers were delighted with their Shoe bargains from Barkley's. We hear it every day. More bargains Saturday for you.

Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like beating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert lets you hear the song of the joy's jimmy pipe and the makin's cigarette all the day long! The patented process takes care of that—and cuts out the bite and parch!

PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just jams-joy into your system! You nail that fact hot off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the tippy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidor—and the classy pound crystal-glass humidor with the sponge-moistener top that's not only a joy's thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

Here is Casimiro Irado, 104 years old, who lives in Watsonville, Cal. He has a remarkable memory and clearly recalls the war in Spain in 1822, when he was a lad of 12 summers. Irado has been a smoker all his life, and today he seeks no dearer, no truer friend than his old jimmy pipe. Irado has just been elected a member of the Prince Albert old-time jimmy-pipers club.

KENTUCKY PRACTICALLY FREED FROM QUARANTINE

Washington, D. C.—The only part of Kentucky now quarantined for foot-and-mouth disease is the area covered by the Bourbon Stock Yards in Louisville.

These yards are limited to handling animals for slaughter. The order effective July 26, which makes this change in Kentucky and frees Jefferson county, also removes the last quarantines in the States of Connecticut, Kansas and West Virginia, releases four counties in Pennsylvania, five in New York, and one in Illinois, and confines the quarantines in Maryland and Virginia to the same restrictions on the yards at Baltimore and Richmond which have been imposed upon those at Louisville.

"NOVO GEORGIEVSK"

Washington, D. C.—"Novo Georgievsk," which the German armies are approaching from the northwest and the west, is one of the strongest of the fortresses upon the first line of Russian defense in the west, and forms with Warsaw, Ivangorod, and Brest Litovsk, the famous Polish Quadrilateral, of which all four fortresses are still intact and still awaiting the first Teutonic assaults," says a study in war geography, issued by the National Geographic Society. The study deals with the northern-most link in the interior chain of Russian Poland's defense, which is just coming into prominence with the recent advances of the Germans.

"Novo Georgievsk guards the western and northern approaches to the capital, Warsaw, just as Ivangorod guards the southern and eastern approaches. Defensive works of lesser importance lie to the north and to the west of Novo Georgievsk, nearer to the German border, most of which have already fallen before the advancing invaders. The northern angle of the Quadrilateral is a fortress of the first class, with a strong plan of outworks and minor defenses, situated upon the confluence of the Bug and the Vistula Rivers. It lies 25 miles to the north and west of Warsaw. A new circle of eight powerful forts has been thrown around the old works of Novo Georgievsk by the Russians. These forts form the main strength of the post. The forts are built to the rivers at a radial distance of ten miles from the encircle. Novo Georgievsk commands the lower Vistula and the railway between Danzig and Warsaw. It was first fortified by Charles XII of Sweden, and later considerably strengthened by Napoleon. In 1813 and 1830-31, it was several times under siege."

MORE PROGRESSIVE MERCHANTS

Several of the Second street merchants have signified their intentions of closing at six o'clock in the afternoon during the summer months, to let their clerks get a breath of fresh air. This brings the number up until it includes nearly every merchant whose business will permit closing at that hour. In a few days all the leading merchants it is hoped will be on the side of the early closers.

OF LOCAL INTEREST

Some People We Know, and We Will Profit By Hearing About Them.

This is a purely local event. It took place in Maysville. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word; To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about. Endorsed by unknown people. Mrs. Dora Mcford, Maysville, says: "I had been feeling poorly for some time before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I felt stronger and better and I slept good at night."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mcford had. Foster-Milburn Co., Props., Buffalo, N. Y.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

RUGGLES CAMPGROUNDS

Interesting News Notes of Happenings At This Great Pleasure Spot

Ruggles Campgrounds, July 28.—The annual meeting of the Ruggles Campground Association took place this morning. It was a lively and interesting session, lasting from eight till ten o'clock. The Association is the governing power of the campmeeting. It is composed of all pastors of the Covington and Ashland districts, the two district superintendents and several laymen who held membership by reason of their places on the Board of Directors, and as representatives of certain churches. This campmeeting was never conducted as a money-making institution. Admission is charged only on Saturday and Sunday, and this together with the rental of cottages and privileges is all the income. And whatever profits are made are immediately used in improving the grounds and securing special help for the meetings. The Association elects a Board of Directors who look after the affairs of the campmeeting. All pastors belonging to the Association are entitled to attend the campmeeting with their expenses all paid. This affords the preachers a nice little summer vacation; gives them a chance for a ten days' association with their brethren in the ministry; and an opportunity to do some real christian service in the meetings. We believe this plan of conducting the meeting has been the cause of its great success. For while many campmeetings have sprung up and prospered for awhile, Old Ruggles continues prosperous and more popular each year. It may be said here that the Directors have the matter of erecting another building similar to the Kentucky Inn under consideration.

There were about twenty members of the Association present at their meeting this morning. Officers were elected as follows: President, Rev. J. G. Dover; Vice President, Rev. C. B. Plummer; Secretary, Rev. J. M. Littler; Treasurer, M. A. Wallingford. Auditing committee, Revs. O. J. Carder and Wm. Jones. Board of Directors: Pastors at Maysville, East Maysville, Vanceburg and Toltlesboro. District Superintendents of the Ashland and Covington districts; and the following laymen: I. M. Lane, John R. Brodt, M. A. Wallingford, J. Robert Hinton and Wm. P. Bowman.

The Association will see to it that the road leading from the pike to the camp is put in first class condition for next year. A rigid economy will be exercised by the Board in order to rid the Association of a small debt, and further improve the grounds. A new Bible will be purchased for the pulpit. The greatest care will be exercised in securing talent for the meetings that the true evangelistic spirit be preserved, which is the real intent and purpose of the campmeeting.

To show the large number of young people that attend from year to year, that the Association appreciates their attendance and desires for them not only the best in the way of religious services and influences, but that their social life might be enjoyable, they started a fund with which to lay out and construct a tennis court. The young folks appreciate the attitude of the Association and are adding to the fund, so that those who come next year may depend upon it that a fine tennis court will be ready for them.

The Board of Directors met at 1:30 this afternoon and organized by electing I. M. Lane president, J. M. Littler secretary, and M. A. Wallingford treasurer. They adjourned to meet next Monday to close up the business of the present campmeeting.

Two more preachers came today. Revs. J. D. Haggard of Fullerton, and E. R. Overley of Harboursville, making eighteen preachers present. Rev. Overley is at present acting as field agent for Union College. He is having quite good success in securing students for that popular Methodist College.

Prof. James Avery Bell, representing the Big Ledger and Bulletin Contest, was a business visitor for a short while today in camp. He was, however, long enough to see all the girls. Several tears of regret were shed on his departure.

President I. M. Lane was called to Maysville this afternoon on business connected with some contracts. He will return tomorrow.

Misses Barbara and Bettie Cook, of Coryden, Indiana, arrived today and are guests at the cottage of Mrs. Monroe Walker.

Miss Bessie Wallingford, of Orangeburg, is in attendance at the meeting. The services of the day have been especially good. Rev. Felts led the morning devotions. Rev. T. B. Stratton, of West Covington, preached an excellent sermon at the morning hour. Rev. Stratton is always welcomed here, having been pastor at Toltlesboro for five years. Many about here date the beginning of their christian lives to the ministry of Bro. Stratton. The young people's meeting was taken up with a lively discussion of the general rules of the Methodist church. A number of the ministers took part in the discussion which was very enlightening to the ordinary layman. The

discussion will be continued tomorrow.

For the evening service Rev. O. J. Carder, of Paintsville, gave one of the most earnest, and heart-rendering sermons that has been delivered at this campmeeting. The congregation was large and the interest good. All the services are growing better each day, working up, we believe to a great climax on Sunday, the last day. That day we have been promised Bishop Warner, lately returned from India. Bishop is reputed to be one of the most intensely evangelistic of all the bishops, and if he comes we may expect great things. We hope to be able to announce definitely tomorrow the preachers for Sunday.

Mr. J. H. Bryant, of Maysville, who is visiting in the vicinity, has been in attendance at many of the meetings. Miss Lena Wells Lykins is attending the meetings and is a guest at the hotel Hamrick.

YOUNG MAN DROWNED

Daed A. Glascock Meets His Death By Drowning Last Evening

Thursday evening about seven thirty David Arnold Glascock, the eighteen year old son of Mr. and Mrs. A. R. Glascock of the county met his death by drowning in the pond on the farm of Mr. John Downing. Young Glascock, together with his brother Albert, and two friends, Perrine and Basil Owens, went swimming in the pond. David was the first to plunge into the water and started to swim to the opposite side of the pond. When about two-thirds of the distance was covered, he called to his friends to come and get him as he was drowning. Perrine Owens hurriedly came to his rescue and endeavored to bring him to shore but after he had been dragged under by the struggling boy several times was forced to give up the work of rescue and swim to the bank. Work was sent to the neighbors and in a few minutes Mr. John Downing arrived and with the help of several of the bystanders the body was removed from the pond and work of reviving him was commenced. After a heroic effort to keep the spark of life aglow, Dr. Leslie Brand, the attending physician pronounced the young man dead and his body was removed to the home of his parents on the Hill City pike. David was one of the most popular of the younger set of this vicinity and his sudden death will be a shock to the entire community. The funeral will take place from the residence on Sunday morning at 10 o'clock.

The World's Lowest Priced Knight Motored Car

THIS announces the greatest achievement in the history of the automobile business.

The Knight is the automobile motor that revolutionized the entire motor car industry of Europe.

The Daimler of England, the Panhard of France, the Mercedes of Germany, the Minerva of Belgium—in fact practically all of the costly European cars—are equipped with the famous Knight type motor.

And these are the motor cars that cost from \$4,000 to \$8,000 each!

Practically every royal and titled family in Europe owns one or more Knight motored cars.

The Knight type motor is the nearest approach to 100% efficiency.

This motor differs from other motors in that where all others deteriorate with use, this improves; to all others carbon is harmful, here it is beneficial; size for size it has more power.

It has no noisy poppet valves; no noisy cams; no uncertain valve springs; no troublesome valves to grind; practically no wearing parts.

Specifications:

60-horsepower Knight motor; cylinders cast in bloc, 4 1/2 x 4 1/2; high tension magneto ignition

114-inch wheelbase

Full-floating rear axle

Underlying rear springs

34" x 4" tires, non-slip rear
